

# SLAMP®

THE LEADING LIGHT

## FABULA

DESIGN BY COSTANTINO MOROSIN

Fabula is a softer soul, an intertwining of the elements of water and air that render its enveloping design mysterious and suggestive. It is made by hand, using interlinking pieces of Lentiflex®, which in reflecting the internal light source, give it the look of a long and soft silk ribbon. The coloured models have a transparent layer and a printed layer obtained by using a morphing technique, that together, create a tenuous and delightful shade of aquamarine or honey.

### SUSPENSION

**Size:** Ø 48 x h 21 x h. max 140 cm (3X8W LED filament bulbs)

**Colour:** prisma, yellow, blue, red

**Made of:** Lentiflex®
