FOSCARINI

DESCRIPTION

Foscarini and Marc Sadler's shared passion for research into new technologies has given rise to Twiggy, the iconic arched floor lamp which is available in an entire collection of lamps made of composite material on a lacquered fibreglass base. Using the same diffuser as the floor and table versions, lighting the area underneath the lamp directly and - thanks to the transparency of the upper protection disk - diffuses efficient up-light by reflection. Available in two colours, it can blend in seamlessly with any décor and style.

MARC SADLER

Marc Sadler boasts lengthy experience as an industrial designer in the field of sports, which has often led him to experiment with new materials and innovative production processes.

This innovative and experimental approach has become his modus operandi, even when he designs for sectors which are traditionally more focused on the styling component. He has won four Compassi d'Oro ADI, including the one for Mite and Tite in 2001, for projects which have become genuine icons in the Foscarini collection, together with Kite, Twiggy, Tress and Jamaica, each one marked by technological and styling innovation.
