

LA BELLE ÉTOILE

DESIGN BY ADRIANO RACHELE

Elegant and sensual movement are part of La Belle Étoile's visual grammar; the suspension is inspired by the graceful twirling of a ballerina. **The lightweight yet unbreakable lamp is completely handcrafted in Slamp's atelier.** The dialogue between technological innovation and stylistic originality speaks loudly; **the LED source can be easily and quickly changed thanks to the exclusive magnetic hanging system**, and a white texture printed on transparent, patented polymers, are elements that combine to create refined, contemporary design. The soft, luminous LED source can be **dimmed from full illumination to a supple ambient glow** to compliment its surroundings. Both the suspension and applique/ceiling versions are versatile, avantgarde lighting solutions offering minimalistic, glamorous aesthetics. La Belle Etoile brings sculptural illumination to an array of interiors.

Size: Large Ø 90 x h 55 cm (35W LED – 4.300 Lumen), Small Ø 73 x h 43 cm (35W LED – 4.300 Lumen); Colour: Transparent with white texture; Made of: Cristalflex®.
